

Carlos Pignataro

Distinguished Engineer, Cisco Services

Carlos Pignataro, Cisco Distinguished Services Engineer, is a technology change agent who has spent his career on the “bleeding edge.” It all begins with innovation, which he believes is not just central to change, it is change. A Services Patent Strategist and co-chair of the Services Patent Committee at Cisco, he has co-invented more than one hundred and fifty patents (issued and pending), co-authored over fifty Internet Requests for Comments (RFCs), and holds multiple industry leadership roles. Carlos spreads the wealth, serving as an adjunct professor at North Carolina State University. He has co-authored three books on computer networking and is a much sought-after speaker at computer networking conferences and across Cisco.
