

## Carlos Pignataro

CTO Global SP Services and Chief Solutions Architect,  
Cisco Services

Carlos Pignataro, CTO Global SP Services and Chief Solutions Architect, is a technology change agent who has spent his career as a Cisco Distinguished Engineer on the “bleeding edge.” It all begins with innovation, which he believes is not just central to change, it is change. A Services Patent Strategist and co-chair of the Services Patent Committee at Cisco, he has co-invented more than one hundred and fifty patents (issued and pending), co-authored over fifty Internet Requests for Comments (RFCs), and holds multiple industry leadership roles. Carlos spreads the wealth, serving as an adjunct professor at North Carolina State University. He has co-authored three books on computer networking and is a much sought-after speaker at computer networking conferences and across Cisco.
